Option 2: This option is available to persons familiar with the Resource Conservation and Recovery Act (RCRA) Section 3001 regulations (40 CFR Part 261).

Specific Type of Waste:

EPA has assigned a four-digit number to each hazardous waste listed in the regulations under Section 3001 of RCRA. Enter the appropriate four-digit number in the boxes provided. A copy of the list of hazardous wastes and codes can be obtained by contacting the EPA Region serving the State in which the site is located.

F Waste Quantity:

Place an X in the appropriate boxes to indicate the facility types found at the site.

In the "total facility waste amount" space give the estimated combined quantity (volume) of hazardous wastes at the site using cubic feet or gallons.

In the "total facility area" space, give the estimated area size which the facilities occupy using square feet or acres.

Facility Type

1. ☐ Piles
2. ☐ Land Treatment
3. ☐ Landfill

**I Description of Site: (Optional)**

Describe the history and present conditions of the site. Give directions to the site and describe any nearby wells, springs, lakes, or housing. Include such information as how waste was disposed and where the waste came from. Provide any other information or comments which may help describe the site conditions.

(Under the Super Fund Legislation, Airtron must report any abandoned disposal sites formerly used for dumping of hazardous substances. Airtron's sludge beds have been excavated and the material hauled away to a secure disposal area prior to November 19, 1980. The legislation requires that any facility which may have had leakage respond and

file EPA Form 8900-1. In response to concerns registered by NJDEP, Airtron hired Converse, Ward, Dixon and is coordinating an investigation with NJDEP to address the potential of Trichloroethylene in the ground water adjacent to Airtron's former sludge lagoons. There is no proof at present as to the actual source of such contamination although there is a possibility that it resulted from the Airtron former lagoon beds. Airtron is currently working in close coordination with NJDEP to address this matter.)

J Signature and Title:

The person or authorized representative (such as plant managers, superintendents, trustees or attorneys) of persons required to notify must sign the form and provide a mailing address (if different than address in item A). For other persons providing notification, the signature is optional. Check the boxes which best describe the relationship to the site of the person required to notify. If you are not required to notify check "Other".
